## Annie's Surf Shack tips

Tip-1. We like to sleep on the memory foam sofa bed. We lock the security screen door. We leave the front door about halfway open and the lanai door open. This way we have cool breezes blowing through the condo all night. Nothing like sleeping to the sound of the ocean. *Warning, when the waves are big, it can be a little loud.*

Tip-2. The best time to spot turtles is in the morning. They like to eat seaweed off the seawall. Please do not disturb the turtles if they are on the beach.

Tip -3. Whale watching is from November to May. Yes, you can see whales from the lanai.

Tip-4. First night in after a long day of travel, we like to get take-out from the China Boat, the restaurant across the street. We bring dinner back and sit on the lanai and watch the sun go down. The food is really good. We haven't had anything bad there. They say that they are #1 on the island. I'm not sure about that, but they are pretty good.

Tip-5. If you don't feel like driving to Lahaina, catch the bus. Bus 28 takes you to Lahaina for \$2.00 (\$4.00 for an all-day pass). The bus stop is a block either side of the condo complex. If you go left, the bus stop is in front of Kahana Outrigger. If you go right, the bus stop is in front of Dollie's Pub & Café. The bus ride takes about a half hour to get to Lahaina, but you can stop at Whalers Village along the way.

Tip-6. If the Kona Winds (*Little to no breeze*) are blowing when you are visiting, the ceiling fans should keep you comfortable. We also have two floor fans that should help as well.
